

DREAMLAND

CATALOGUE 2014

Quality books and charts for quality education

27 YEARS OF EXCELLENCE IN BOOK PUBLISHING

Welcome to Our Ever-expanding New Catalogue for 2014

From the desk of the publisher.....

Dreamland Publications was established twenty-seven years ago and now with dignity we stand among the most well-known and best-loved names in the world of children's books. We are filled with unique, high-quality books and charts that nurture the potential of children and instill in them a love of reading and learning.

Our constant focus to enrich Excellency in contents, images & artworks, printing, binding and the most advanced state-of-the-art technology of publishing quality books of international level has successfully led to the expansion of the publishing house globally.

We pride ourselves in stating that 'Dreamland Publications' has crossed over 1400 titles mark and gained a grand success – both qualitatively and quantitatively. Constant faith and response of our Indian and International buyers has compelled us to complement our Catalogue 2014 with amazing more than 140 new titles.

The bulk sales of our books and charts speak the enduring value, elegance and world-wide appreciation of our products. It also gives us immense pleasure to introduce ourselves into the digital space with around 200 titles at iBookstore on Apple iTunes compatible with iPad and will be soon available on various other e-platforms. We hope, they may even acquire increasing value over time.

The distinguished educational understanding and creative approach behind our tremendous recognition in the progressive world has encouraged us to make a commitment to produce high-quality, well-designed materials that allow our young readers to learn and develop skills.

We shall continue to publish the best quality books of cosmopolitan standards that are the driving force behind our company's success and glory.

We take a solemn pledge to publish and provide International standard books of consistent quality and at moderate prices, to help children pave their path of success.

We sincerely hope that the entire range of our publication shall fulfil the expectation of the parents, teachers, and above-all educate, entertain and motivate the children.

MARTINE BOOKS For Age Group 5-10.

NEW

A Set of 20 Books, Paperback, Size 22 cm X 28 cm, 20 Pages each

'Martine' — A well-written series, originally written in French by Gilbert Delahaye and illustrated by Marcel Marlier is a treasure of small stories about a cute brunette. The series has been translated in several languages. Approximately 1 million copies sell every year and over 100 million copies have been sold ever since it has been published. 'Martine' — a sweet little girl is full of life. She has been shown in various situations. Her adventures are a mixture of everyday experiences and every child's dreams. She proves to be a wise girl who maintains cordial relations with her friends and shows respect to her elders. It's a perfect series full of fun and interest for young readers.

SCIENCE CHARTS

A Set of 50 Charts, Size 48 x 73 cm, Both Side Hard Lamination

Modern science and technology have changed our lives in many different ways. To make children as well as grown-ups aware of the importance of science in everyday life, we have tried to impart knowledge of science through a series of beautifully illustrated science charts.

- | | | |
|--------------------------------------|------------------------------------|------------------------------------|
| 1. Inventors & their Inventions-1 | 18. Work & Simple Machines | 35. Hydrogen and the Halogens |
| 2. Inventors & their Inventions-2 | 19. Floating | 36. Carbon, Sulphur and Phosphorus |
| 3. Computer Technology | 20. Flight | 37. The Air |
| 4. Electronics | 21. Engines | 38. Bonding |
| 5. Electricity | 22. Cars and Motorbikes | 39. Compounds and Mixtures |
| 6. Cameras and Photography | 23. Astronomy | 40. Chemical Reactions |
| 7. Lenses and Mirrors | 24. Rockets and Spacecraft | 41. Oxidation and Reduction |
| 8. Light and Colour | 25. Radio | 42. Electrolysis |
| 9. Atom and Molecules | 26. Television and Video | 43. Acids, Bases & Alkalis |
| 10. Energy | 27. Sound | 44. Salts |
| 11. Nuclear Energy and Radioactivity | 28. Waves | 45. Crystals |
| 12. Forces | 29. Heat and Temperature | 46. Organic Chemistry |
| 13. Dynamics | 30. Magnetism and Electromagnetism | 47. Alcohols and Organic Acids |
| 14. Friction | 31. The Elements | 48. Crude Oil |
| 15. Motion | 32. Solids, Liquids and Gases | 49. Water |
| 16. Gravity | 33. Metals | 50. Plastics and Natural Polymers |
| 17. Pressure | 34. Iron and Steel & other Metals | |
